

REMARKS

In the Advisory Action the Examiner made it clear that if the substitutions of a) through f) specifically set forth in the Advisory Action were incorporated into the independent claims, this would distinguish the present invention from the prior art of record. Applicant has hereby incorporated the specific formulas a) through f) in each of the independent claims. In view of the amendment, it is submitted that this application is now in condition for allowance.

Attached herewith is a one-month extension of time to extend the due date from March 8, 2006 to April 8, 2006. With this one-month extension of time the application is still active.

Applicant and the undersigned wish to thank the Examiner for clearly specifying the amendments that would be necessary to place this application in condition for allowance.

Respectfully,

Gregory M. Clements
